TECHNOLOGY®

The 2023 Motion + Power Technology Expo Exhibitor Show Stoppers!

(August pre-show issue closes July 20. September/October show issue closes September 7)

This is the gear industry's big event; let us help you make the most of your investment!

You've made the investment into booth space, staff and travel, now for just \$1,095 more you can help make sure it pays off!

- Reinforce your brand with the thousands of gear manufacturers who won't make it to Detroit but look to *Gear Technology* show coverage for what is new and what they might be missing.

Only *Gear Technology* can deliver that message directly to the gear manufacturers you want.

To book your Show Stopper ad, simply complete the form on the last page and send it in as soon as possible.

BONUS! In addition to the print issue, a special e-edition of our Show Guide and the Show Stoppers will broadcast prior to the show including your ads at no additional charge.

Basic ad design and development is available on request at no additional charge.

Submit your order or contact Dave Friedman (friedman@agma.org) or for more information.
